

Silicon Oil

Special release agent for valuable parts and copying machines parts.

Description:

- Silicon oil is a transparent oily liquid.

Fields of Use:

- Used for all types of moulds.
- Release agent for moulds of valuable parts.
- Used in copying machines parts.

Advantages:

- Free from contamination.
- Suitable for high temperature curing systems.
- Easy to use by brush or by spraying.

Technical Data : (at 25° C)

Density	0.97 ± 0.02 kg / l
Viscosity	300 ± 50 centistokes.
Flash point	> 300 ° C
Refractive index	1.4 ± 0.05

Directions for Use:

- Clean the surface of mould very well.
- Apply thin coat by brush or by spraying before moulding process.
- Clean tools directly after use by **KEMSOLVE 1**.

Safety Precautions:

- Wear gloves and goggles.
- Skin and face contamination should be washed with water and soap.
- Accidental splashes to eyes must be rinsed with clean warm water and then report to a specialist.
- Do not eat and smoke during use.

Storage:

- 2 years under suitable storage conditions.

Packages:

- 0.5 kg and 4 kg.
