HISTORY

CMB Group, a distinguished construction industry leader with 40 years of experience, specializes in high-quality building products and chemical solutions, many with international patents.

Since our inception in 1979, we've innovatively transformed Egypt's construction practices.

Exporting to over 58 countries, we actively engage in premier building materials exhibitions and scientific seminars, emphasizing our global commitment and ongoing innovation. CMB stands out as a creative and pioneering force in the industry.

نشأة المجموعة

تعرف مجموعة شركات كيمابويات البناء الحديث بأنها رائدة في مجال صناعة البناء، حيث تتمتع بخبرة تزيد عن ٤٠ عامًا، تخصصت في منتجات البناء عالية الجودة توفر في الوقت والجهد والتكلفة، كثير منها يحمل براءات اختراع دولية. منذ تأسيسنا في عام ١٩٧٩، قد قمنا بتطوير ممارسات البناء في مصر بطرق مبتكرة. نصدر إلى أكثر من ٥٨ دولة، ونشارك بفعالية في معارض رائدة لمواد البناء وندوات علمية، مؤكدين التزامنا العالمي وابتكارنا المستمر. مجموعة شركات كيمابويات البناء الحديث تبرز كقوة إبداعية ورائدة في الصناعة.

CMB PURPOSE

CMB Group, headquartered in Egypt, is renowned for its innovative and pioneering solutions in the building industry, establishing itself as a leader. Over the past four decades, we have excelled in delivering innovative, high-quality, cost-effective, and user-friendly building products. Our mission is to provide professional builders, traders, projects, and the general public with superior products and services, enhancing the efficiency and standards of building materials. Committed to customer satisfaction, our company policy is to respond positively to customer requirements, striving to meet their specific needs and specifications.

هدف المجموعة

نعرف ك مجموعة شركات كيمويات البناء الحديث المصرية، بأننا رائدين فى تقديم حلول مبتكرة ورائدة فى مجال البناء، تأسست مجموعتنا منذ أكثر من أربعة عقود، أثبتنا جدارتنا فى تقديم منتجات بناء مبتكرة عالية الجودة، فعّالة من حيث التكلفة، وسهلة الاستخدام. مهمتنا هى توفير منتجات وخدمات متفوقة للبناء المحترفين، وتجار البناء، والمشاريع، والجمهور العام، مع تعزيز كفاءة ومعايير مواد البناء. ملتزمون برضا العملاء، سياسة شركتنا تتمثل فى التجاوب السريع مع متطلبات العملاء، سعياً لتلبية احتياجاتهم ومواصفاتهم الخاصة.

MISSION & VISION

CMB Group is committed to providing top-quality products and services at highly competitive prices, all with the fundamental objective of enhancing the global standard of building materials.

Operating with a zero-waste policy, our factory recycles all waste material from production into less formulation critical products. We aim to supply professional builders, traders, and the general public with excellent products and services, contributing to the increased efficiency and elevated standards of building materials in the construction industry.

الرؤية والرسالة

نحن ك مجموعة شركات كيماوياات البناء الحديث بالاستمرار فى السعى إلى تطوير منتجات وخدمات عالية الجودة بأسعار تنافسية لتعزيز المعايير العالمية لمواد البناء. نعمل وفقاً لسياسة عدم التصريف الزائد، حيث يتم إعادة تدوير جميع فاقدات الإنتاج في المصنع. نهدف إلى توفير منتجات وخدمات ممتازة للمهندسين المعماريين والتجار والجمهور العام، مساهمين في زيادة الكفاءة ورفع معايير مواد البناء في صناعة الإنشاءات.

CMB
GROUP
ACADEMY

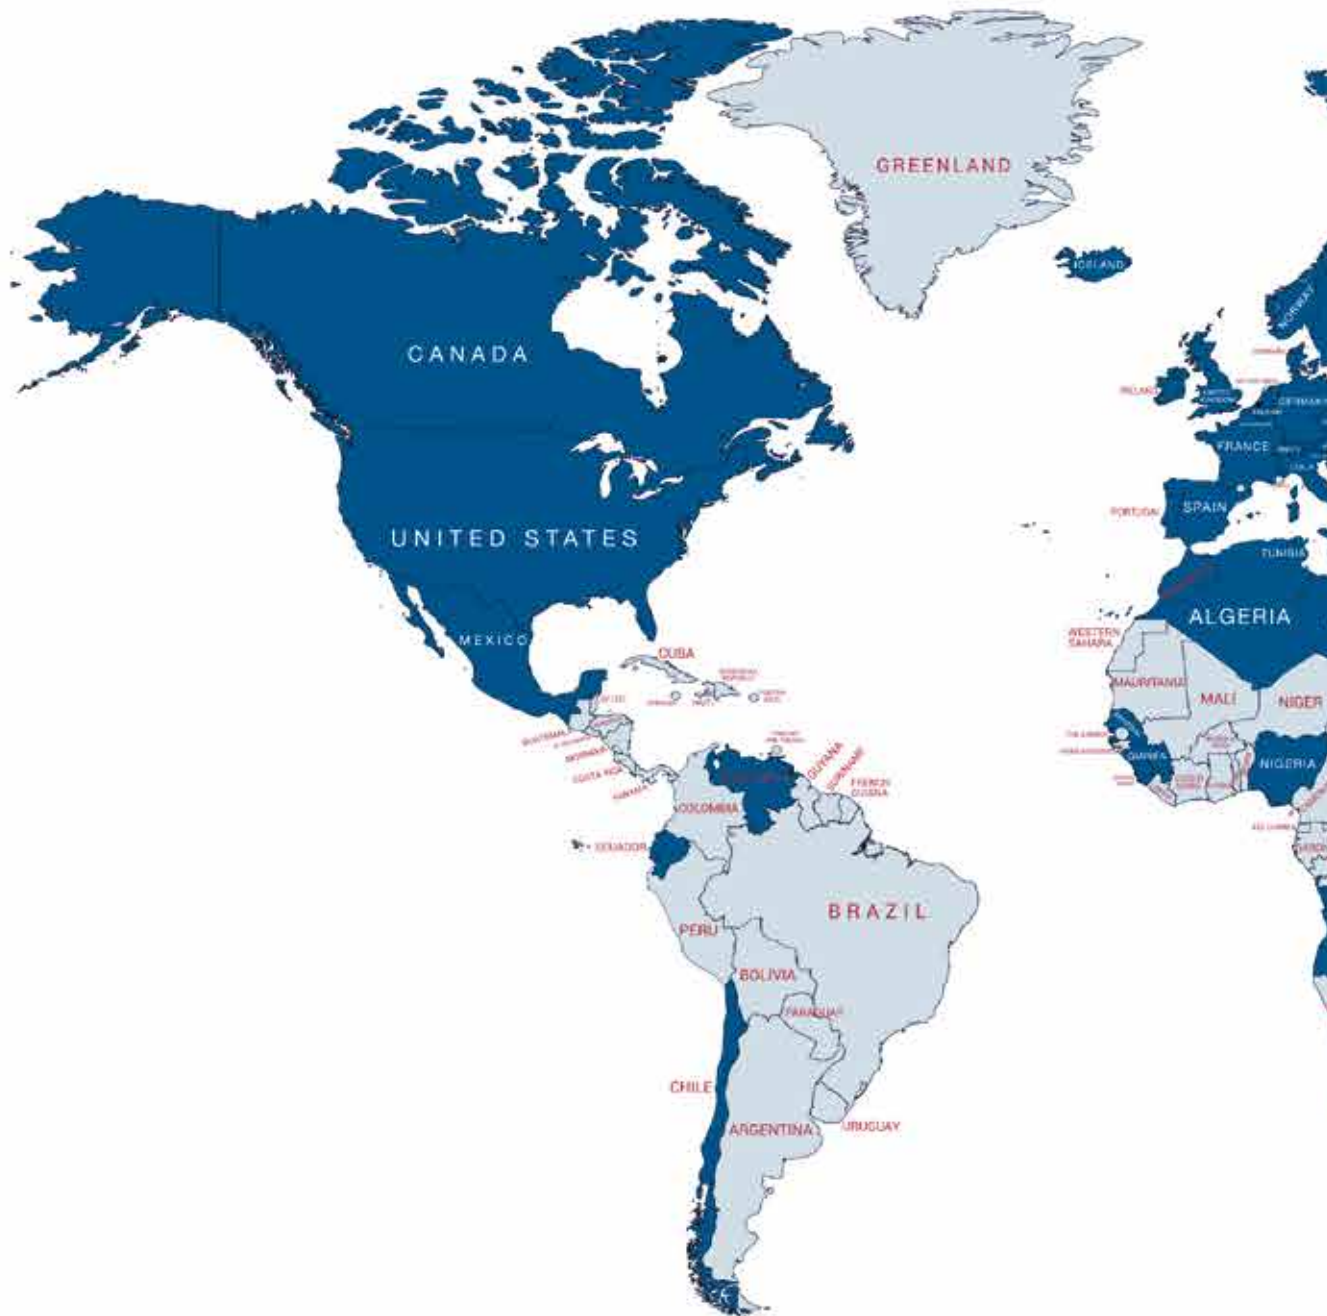

CMB ACADEMY

CMB Group is excited to announce the opening of the CMB Academy. Our goal is to work closely with the local construction industry, offering various training courses throughout the year to enhance the skills of individuals in the sector. We have partnered with Egyptian universities and companies to provide additional skills to students and workers, giving them a competitive advantage in the job market.

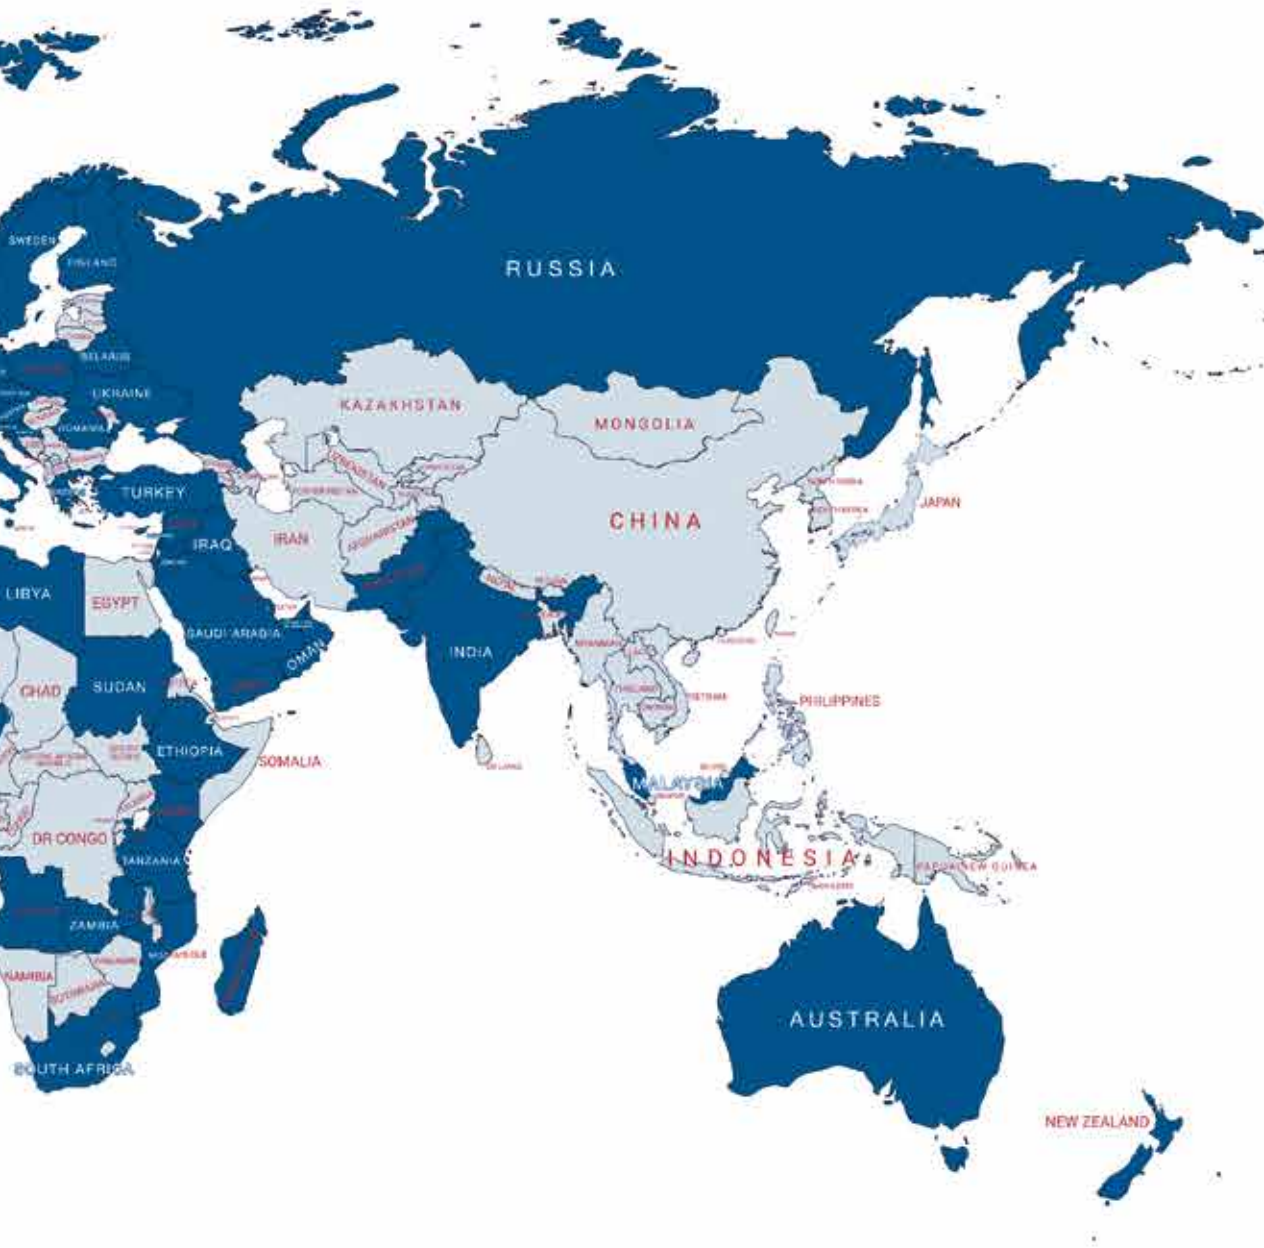

أكاديمية CMB

تم افتتاح أكاديمية CMB، لكي تحقق التعاون الوثيق مع مجال صناعة البناء المحلي، نقدم مجموعة متنوعة من الدورات التدريبية طوال العام لتعزيز مهارات الأفراد في هذا القطاع. وقد قمنا بالتعاون مع الجامعات المصرية والشركات لتوفير مهارات إضافية للطلاب والعمال، مما يمنحهم ميزة تنافسية في سوق العمل.

Verification of Compliance

No. 1003

Issue 4

Certificate's Holder: **Marmox Egypt**

The South Village, Industrial Zone, Wadi El Natron Elbehira, Egypt.

Has demonstrated compliance with EN 124:2015-5, Gully tops and manhole tops for vehicular and pedestrian areas – Design requirements, type testing, marking, quality control, and has been certified in the following classes of composite manhole covers:

Product:	Composite Manhole Covers
Classes:	A15 Square, A15 Round,
	B125 Square, B125 Round,
	C250 Square, C250 Round,
	D400 Square, D400 Round,
	E600 Square, E600 Round,
	F900 Square, F900 Round.
	Drainage Manhole Cover
	Gas Valve Box - Man hole Step - Hand hole

The certificate is valid from 18 September 2022 until 18 September 2023, and remains valid subject to satisfactory annual surveillance audits. Re certification audit due before 3 September 2023.

Remarks: This verification of compliance has been issued on a voluntary. HBRC confirms that a Technical Construction File (TCF) is existent for the above listed products. The TCF satisfactory covers the essential requirements of the above listed directives. Other relevant directives have to be observed in case they are applicable. This document is only valid for equipment and configuration described and in conjunction with the TCF detailed above whereas the manufacture is responsible of the certification on the products and not exempted to perform all the necessary activities before placing the market. The manufacturer is also responsible of the internal production control to ensure the products are in compliance with the essential requirements of the above mentioned directives.

ملاحظات :

- 1- هذه الشهادة ليست بديل عن اجراء الاختبارات على العينات طبقا لمتطلبات المواصفات القياسية ومواصفات المشروع.
- 2- يجب اجراء اختبارات ضبط الجودة على المنتجات بصورة دورية طبقا لمتطلبات المواصفات القياسية ومواصفات المشروع.

Agrément Certificate

10/4778

Product Sheet 1

MARMOX INSULATING BUILDING BLOCKS

MARMOX THERMOBLOCK

This Agrément Certificate Product Sheet⁽¹⁾ relates to Marmox Thermoblock⁽²⁾, an insulated loadbearing block comprising XPS insulation with concrete cylinder cores and a top and bottom reinforced concrete finish layer. The blocks are for use, with height restrictions, on the inner leaf of external masonry walls and in timber frame walls to minimise heat loss through the junction between floor/wall.

(1) Hereinafter referred to as 'Certificate'.

(2) Thermoblock is a registered trademark.

CERTIFICATION INCLUDES:

- factors relating to compliance with Building Regulations where applicable
- factors relating to additional non-regulatory information where applicable
- independently verified technical specification
- assessment criteria and technical investigations
- design considerations
- installation guidance
- regular surveillance of production
- formal three-yearly review.

KEY FACTORS ASSESSED

Strength and stability — the product has adequate compressive strength (see section 6).

Thermal performance — the product will reduce linear heat loss (Ψ value) at floor/external wall junction (see section 7).

Behaviour in relation to fire — the product is not classified as non-combustible and its use is restricted (see section 8).

Resistance to moisture — the product has satisfactory resistance to moisture (see section 10).

Durability — the product has adequate durability and should have a life equal to that of the wall in which it is installed (see section 12).

The BBA has awarded this Certificate to the company named above for the product described herein. This product has been assessed by the BBA as being fit for its intended use provided it is installed, used and maintained as set out in this Certificate.

On behalf of the British Board of Agrément

Date of Third issue: 26 March 2021

Originally certificated on 15 September 2010

Hardy Giesler
Chief Executive Officer

The BBA is a UKAS accredited certification body – Number 113.

The schedule of the current scope of accreditation for product certification is available in pdf format via the UKAS link on the BBA website at www.bbacerts.co.uk

Readers **MUST** check the validity and latest issue number of this Agrément Certificate by either referring to the BBA website or contacting the BBA directly.

Agrément Certificate

09/4687

Product Sheet 1

CMB BOARD

MARMOX TILEBACKER BOARDS

This Agrément Certificate Product Sheet⁽¹⁾ relates to Marmox Tilebacker Boards, a range of extruded polystyrene foam boards finished on both sides with a polymer-modified mortar facing reinforced with a glass fibre mesh. The boards are for use as an intermediate substrate to ceramic and natural stone tiling for internal use on walls and floors.

(1) Hereinafter referred to as 'Certificate'.

CERTIFICATION INCLUDES:

- factors relating to compliance with Building Regulations where applicable
- factors relating to additional non-regulatory information where applicable
- independently verified technical specification
- assessment criteria and technical investigations
- design considerations
- installation guidance
- regular surveillance of production
- formal three-yearly review.

KEY FACTORS ASSESSED

Performance in relation to fire — the untiled boards are classified as Class E in accordance with EN 13501-1 : 2007 (see section 6).

Impact resistance — tiled boards will resist the effects of the normal impacts expected in service (see section 7).

Floor loading — the boards are satisfactory for use in domestic and residential applications (see section 8).

Condensation risk — the use of the boards will reduce the risk of condensation (see section 10).

Durability — under normal conditions, the boards will have a service life commensurate with the structure in which they are installed (see section 15).

The BBA has awarded this Certificate to the company named above for the products described herein. These products have been assessed by the BBA as being fit for their intended use provided they are installed, used and maintained as set out in this Certificate.

1 Objective and scope of the Technical Approval

This Technical Approval is based on the favourable evaluation of the system (as described above) by an independent Approval Body designated by UBAtc, BCCA, for the application mentioned in this Technical Approval.

The Technical Approval serves as a record of the approval inspection. This inspection consists of the following: identification of relevant properties of the system for the intended application, laying/installation method, system design and reliability of production.

The Technical Approval provides a high level of reliability, based on the statistical interpretation of inspection results, regular monitoring, adjustments in order to keep abreast of the situation and latest technical developments and quality monitoring by the Approval Holder.

In order to retain the Technical Approval, the Approval Holder must continuously provide evidence that he is taking all necessary steps to demonstrate that the system is suitable for use. In order to do so, it is vital that the conformity of the system with the Technical Approval is monitored. This monitoring is entrusted by the UBAtc to an independent certification body known as BCCA.

The approval holder is required to adhere to the inspection results described in the technical approval if they make information available to third parties. The UBAtc or certification body may take any steps that become appropriate if the approval holder [or the distributor] fails to do so (to a sufficient extent) of his own accord.

The Technical Approval and certification for conformity of the system to the Technical Approval are independent of tasks conducted individually. The contractor and/or architect remain fully responsible for the conformity of the completed work with the provisions contained in the specifications.

The technical approval is not concerned, except in specifically included provisions, with on-site safety, health and safety aspects and the sustainable use of raw materials. As a result, the UBAtc shall not be responsible, under any circumstances, for any damage caused by the failure of the approval holder, contractor(s) and/or architect to respect provisions relating to on-site safety, health aspects and the sustainable use of raw materials.

Note: In this technical approval, the word "contractor" will always be used, when referring to the entity that completes the work. This word has the same meaning as other frequently used words, such as "operator", "installer" and "fitter".

SINTEF Certification

Nr. 20022

Utstedt første gang: 06.08.2009
 Revidert: 18.06.2019
 Korrigeret: 31.08.2021
 Gyldig til: 01.05.2024
 Forutsatt publisert på www.sintefcertification.no

SINTEF bekrefter at

Bacboard basic og Bacboard basic HD

er vurdert å være egnet i bruk og tilfredsstillende krav til produktdokumentasjon i henhold til forskrift om omsetning og dokumentasjon av produkter til byggverk (DOK) og forskrift om tekniske krav til byggverk (TEK), for de egenskaper, bruksområder og betingelser for bruk som er angitt i dette dokumentet

1. Innehaver av godkjenningen

Duri Fagprofil AS
 Postboks 285 Skøyen
 0214 Oslo
www.bac.no

2. Produktbeskrivelse

Bacboard basic og Bacboard basic HD er våtromsplater som består av en kjerne av ekstrudert polystyren, XPS, med en tynn sementbasert glassfiberarmert mørtel på begge sider. Overflaten er grå og kjernematerialet er lys grått, se fig. 1. Forskjellen i platene er at Bacboard basic HD inneholder dobbel armering for bedre stivhet.

Platetykkelser og formater fremgår av tabell 2. Platene har rette kanter. Følgende produkter kan brukes sammen med platene:

Tabell 1
 Produkter som inngår i våtromsystemet

Produkt	Beskrivelse
Schönox HA	Påstrykningsmembran
Schönox ST tettebånd ¹⁾	Tettebånd med gummi-kjerne og filterflate
Schönox ST BT tettebånd ¹⁾	Tettebånd i selvklebende butyl
Schönox ST D 8 ¹⁾	Rørmansjett for rør mellom 15-20 mm
Schönox ST D 21 ¹⁾	Rørmansjett for rør mellom 35-50 mm
Schönox ST D 65 ¹⁾	Rørmansjett for rør mellom 100-120 mm
Mapegem WPS	Påstrykningsmembran
Mapei Easybuild Primer ²⁾	Primer for bedre vedheft
Mapeguard ST ²⁾	Tettebånd for plateskjøter
Mapeguard PC 10-24 mm ²⁾	Rørmansjett for rør mellom 10-24 mm
Mapeguard PC 32-55 mm ²⁾	Rørmansjett for rør mellom 32-55 mm
Mapeguard PC 100-130 mm ²⁾	Rørmansjett for rør mellom 100-130 mm

¹⁾ I kombinasjon med Bacboard basic/Bacboard basic HD og Schönox HA

²⁾ I kombinasjon med Bacboard basic/Bacboard basic HD og Mapegem WPS

Fig. 1
 Oppbygningen av Bacboard basic og Bacboard basic HD. Platene er symmetriske med armert mørtel på begge sider

Tabell 2
 Standard dimensjoner for platene

Standard tykkelse mm	Standard dimensjon mm x mm	Standard tykkelse Mm	Standard dimensjon mm x mm
4	1200 x 600	20	2440 x 600
6	1220 x 600	30	2440 x 600
8	2440 x 600	40	2440 x 600
10	2440 x 600	50	2440 x 600
12,5	2440 x 600	75	2440 x 600

Platene har følgende måltoleranser:

- Tykkelse: ± 2 mm
- Lengde: ± 5 mm
- Breddde: ± 2 mm
-

3. Bruksområder

Bacboard basic og Bacboard basic HD kan benyttes som vannrett sjikt på vegger i bad og vaskerom i boliger, hoteller og i rom med tilsvarende vannbelastning. Bruk som vannrett sjikt forutsetter bruk av forsterkningsbånd og membran i skjøter og festepunkter. Øvrige betingelser for bruk er gitt i pkt. 6.

بطاقة الأداء البيئي

تصريح بلصق بطاقة الأداء البيئي مستوى (A)

* اسم الشركة المنتجة: كيمابويات البناء الحديث
* العلامة التجارية: CMB
* العنوان: وادى النطرون - القرية الجنوبية
* تاريخ إصدار التصريح: ٢٠٢٣/٠٤/٢٧
* مدة صلاحية هذا التصريح: سنة من تاريخ الإصدار
* لا يستخدم هذا التصريح الا مع الصنف المذكور عالياه فقط والمقدم للوحدة طلب بساتها.
* أى شطب أو تغيير فى هذا التصريح سوف يتم إلغائه.
* رقم التصريح: EOS-EPL0216-1

المنتج الصادر بساتها التصريح: Kematone White
العلامة التجارية: CMB
اللقبة: دهانات المستحلبة
الصنف: دهان بلاستيك نصف لامع فائق الجودة للاستعمال الداخلي والخارجي
بلد المنشأ: Egypt - مصر
